Sticky-backed Foil

We're always looking for ways to make the display go more smoothly and safely. This should help.

Length	Width	Description	Each
100 meters	8 inches	Roll of foil, 8 inches wide and 100 meters long. One side sticky so it can be quickly and easily applied to the tops of pre-loaded mortars up to 8" in diameter. The foil will help minimize the risk of accidental ignition from floating debris, and will increase both the safety of your crew and the precision potential of your display. No more inhaling spray adhesive fumes for us!	\$
