## **Things to know, terms and conditions, and whatnot!**

### **1) Who the heck are we, anyway?**

Well, we're a small family business that sells fireworks. After retiring from P&G, Dennis had time to help David (eldest son) shoot displays for local festivals and celebrations. Retirement got old quick, and he traveled to China with his brother Brian (Half Price Fireworks, [hpfireworks.com](http://hpfireworks.com)). Before they came back, Dennis had ordered a container of 1.3g display fireworks. We grew from that container to where we are today, and now David and Stephen (youngest son) work full-time bringing you the best fireworks we can find! Judy (aka Mom) will make you feel at home if you join us at our demo with her amazing food! Dennis is still around making sure we don't do anything wrong. Maybe he'll take another shot at retiring one of these days. (P.S. stop calling and emailing him!)

We're here to help you translate your life-long passion for fireworks into safe, compliant displays & successful retail operations - while still having fun. We have learned far too many things about fireworks the hard way, and if we can steer you down the right path then it's a great day for us.

### **2) Can you buy fireworks from us?**

Well, that depends! Many of the items we carry require a license or permit from BATFE. We also carry 1.4g consumer items but we do not sell to the general public - we're wholesalers! If you're purchasing 1.4 for resale at your store, tent or whatever - or if you have an ATF license/permit, we'll sell you 1.4 product all day long.

If you don't have an ATF license/permit but are interested in getting one, don't hesitate to contact us! We can help! We're very familiar with the process and the forms. We've even got some extra fingerprint cards lying around. We can also provide a contingency letter if you're within a reasonable distance.

### **3) OK, I have an ATF license/permit or a consumer store. What's the next step?**

Well, we'll need a valid copy of your ATF License and a valid photo ID when you come to pick up your order for 1.3g. We'll have you fill out a customer information form (it's short, I promise) and make a copy of your license and ID each time you pick up. If the ATF License is under a company name we will also need a copy of the ATF "Notice of Clearance", showing the Responsible Person(s) under the company license. Only those listed as a "Responsible Person" can pick up fireworks unless an authorization form is completed, signed, and on file.

Email us at [sales@lynchimportsllc.com](mailto:sales@lynchimportsllc.com) or call 812-623-0099 and we'll schedule an appointment! We fill orders by appointment only - so if you just show up we might not be there. You can email or fax us your order ahead of time if you like, but it's not required. Our fax number is 812-645-0711. When you come, we'll sit down and make sure everything's right - you can change your order at any time before you leave, no sweat! We probably have something you didn't know you wanted

### **4) How do I make sure I get exactly what I want?**

Place your order, put down a 50% deposit, and we'll hold it for you until you need it. We try our best to ensure that we have enough of the most popular items but we do run out of things. We don't like it. We can always suggest a replacement - with soooooo many cakes and shell assortments, we can usually find something that's close enough, but we hate disappointing you. We've usually got everything in stock at demo time, so that's often the best time to pick up or reserve.

This year the demo is April 29 (1.4g) and April 30 (1.3g). PGI Display Operator Certification Course begins at 10a on the 30th. **THE CLASS WILL FILL UP QUICKLY** - so if you want a spot, reserve it now online! It's \$75 if you don't have the book - if you do it's \$35.

## **More things to know and whatnot!**

### **5) How can I pay for these fireworks?**

We accept cash, credit and debit cards, Paypal, all that jazz.

### **6) Hey, can I get a discount?**

Nope!

What, you're still reading? Volume discount programs are just not for us. We want the customer who's ordering 5 cases to get the same great prices as the guy who's getting 500 cases. We do offer a rebate in product on orders over \$100,000 that are picked up at the same time. Contact us for more details!

### **7) Can you ship me fireworks?**

Yup, we sure can. 1.4g can go by common carrier, so that's not too bad. 1.3g though - another story. It's expensive, and we hate that, but what can you do? We're working on establishing shipping lanes that might come pretty close to you, and that will hopefully cut shipping costs. We want you to spend your money on fireworks, not shipping! Contact [david@lynchimportsllc.com](mailto:david@lynchimportsllc.com) for details.

### **8) Do you offer ship-show insurance?**

Yup, we are able to offer general liability insurance that will cover damage to property or spectators to qualified customers. For more about what "qualified" means, how it works and what it costs, contact [david@lynchimportsllc.com](mailto:david@lynchimportsllc.com) or call 812-623-0099.

### **9) Will you deliver to our club shoot for free?**

I mean, I don't know. Maybe? That sounds like fun. We're trying to get out more and feel the breeze, and smell the smoke. One of our goals for 2016 is to go to more club shoots because they're a ton of fun! Email [sales@lynchimportsllc.com](mailto:sales@lynchimportsllc.com) to make sure it's on our radar and we'll try to come on out and have a good time!

### **11) Terms and Conditions**

- You, as buyer, are notified that fireworks are extremely dangerous and their handling, storage, transportation and use are an ultra-hazardous activity that pose significant risks to life and property. No warranties are expressed or implied by Lynch Imports LLC, its owners, employees, agents, associates, friends, family, favorite actors, or cheeses.

- Buyer is responsible for compliance with all state, federal, and local laws and regulations pertaining to the handling, storage, transportation and use of all items purchased. Lynch Imports LLC shall not be liable in any civil or criminal action for any arrest, accident, or injury that occurs during buyer's transportation, handling, storage, or use of merchandise.

- We're serious about compliance and want you to be too. We're here to help however we can - really. Don't hesitate to reach out to us at any time, we love talking with folks about fireworks - even when it's about compliance. If we're all as educated and safe as possible, our grandchildren will have a chance to grow up loving fireworks too. The only stupid question is the one you don't ask!

- We reserve the right to refuse to sell to anyone at any time and limit quantities available for sale. If it looks to us like you're doing something shady, we're going to send you packing. Sorry/not sorry - we're required to do so. See 27 CFR 555.106 in the orange book!

OK, that's enough blah blah from David.... on to the good stuff!

<b>Display Shells.</b>		Hey, check it out - a new font! Whoa... I think it's more readable, what do you think?
